### What are Watercolor squares photo masks?

Watercolor squares photo masks refer to a design or creative technique used in digital graphics, scrapbooking, and photo editing. These masks typically consist of watercolor-style square shapes that can be placed over photographs to create artistic and visually appealing effects. Photo masks are used to blend or frame images, add texture, or create unique compositions.

These masks offer a creative way to enhance and stylize your photographs or design projects, adding texture and artistic flair to your work.
