Does this product work on Windows and Mac OS? We mainly include the operating system in the title. If it is not written, it will work on Windows, and you can for the Mac version.

"Aescripts AutoFill" Samples:

AutoFill offers keyframe-less animation with complete control, featuring Speed Dial for variable speed control, multiple supply options for animation growth, and robust performance enhancements. The plugin supports Multi-Frame Rendering (MFR) and GPU acceleration, ensuring faster and more stable rendering.

The new Style Builder enables the creation of complex, multi-layered styles, while AutoFill Bridges facilitate seamless connections between disjointed elements. Version 2 introduces 30 new presets, updated project file presets, RGBA Gradients, and three new Speed Map Modes. Additionally, AutoFill includes 25 ready-to-use presets and improvements for enhanced rendering speeds and stability.
