**Plush Typeface (Videohive 46956671) - AE Project:** The After Effects template has a 52-character alphabet with plush-themed letters, numbers, and symbols, all rendered using 3D-like simulation. It can be used to create text animations to add to your video. An instructional video is included. Get it today! No plugins required.

Each character can't be changed as each is a pre-drawn composition that you drag and drop to create the desired words. It includes six pre-made texts as well as a Color Control.
