

Medical Displays II (Videohive 50921230) - AE Project

2025-02-10 16:44:17 label 我要反馈 下载页面

Medical Displays II - AE Project VH-50921230: This template is compatible with After Effects CC15 and above, ensuring accessibility for many users. Expressions are universalized, making using different language versions of After Effects easier. The project features full HD resolution, providing high-quality output for your projects.

The package includes a comprehensive help file to guide you through the setup and customization process. You'll have access to over 55 medical icons, allowing you to create informative and visually appealing content.

The modular structure of the template enables easy organization and customization of your project. You can easily incorporate your photos or videos to complement the medical icons.

You can adjust the colours with simple colour control options to suit your branding or project requirements. Best of all, no additional plugins are required to use this template, streamlining the editing process and ensuring compatibility with various systems.

The fonts used in the template are Argentum Novus, providing a clean and professional aesthetic. Overall, this template offers a user-friendly experience, making creating engaging medical-themed videos or presentations easy.
