

## Aescripts Motion Reaction v1.2

2025-02-10 16:52:48 [label](#) [我要反馈](#) [下载页面](#)

### Aescripts Motion Reaction:

The content describes a motion design tool that enables continuous state and morph motion for various objects in animation.

- compatibility with PreComp
- Shape
- Text layers
- as well as comprehensive settings to customize the effects

The tool avoids the need for extra layers, allowing for streamlined animation workflows. It is versatile enough to apply morph motion to objects of any shape or figure, enhancing creative possibilities in motion graphics.
