Soundtrack Loops offers the darkest Halloween soundtracks Horror Muscscapes & SFX. Soundtrack Loops has the tradition of celebrating Halloween with a variety of sonic events and they are stylish in their approach. Dark Halloween Soundtracks a fantastic dark ambient cinematic music production tool that blends seamlessly with the finest assets of its kind. Wide, deep, and rich, these tracks will take time to unravel continuous moments of terror and awe and, at times, a reference to the surreal and bizarre. The 81 loops are recorded to a variety of midtempo BPM and many are unbeatable and lengthy enough to use as sound bed. The 19 one-shots included are truly amazing 3D audio that delivers powerful sounds using discrete parts placed in space, and then independently moving across space to create stunning and wide-open shimmering effects that allow plenty of space for clear dialogue as well as other sound and music elements. In this collection, we are reminded that certain Soundtrack Loops content occupies a perfect spot that is in the middle between Foley and music. This can be an uplifting and refreshing experience. Similar to that, Dark Halloween Soundtracks has an intense musicality woven into its sound effects. This is extremely beneficial for dark ambient soundscapes and subliminal rhythms and producing well-paced music in soundstages where everything functions well with plenty of room to be spare. The album was produced with Doug Woods (The Sound Test Room)

In the standard procedure for all loops developed from The Soundtrack Loops team, Key and BPM are recorded in metadata as well as names of the files.
