**Make It Cool – 800+ Looks And Assets VH-47210203:** Introducing Make It Cool for After Effects, a revolutionary toolkit that will elevate your video editing. This package is meticulously crafted to enhance your footage with a diverse range of creative looks, unique typography designs, customizable overlays, and an extensive collection of LUTs.

Transform your footage into a masterpiece effortlessly with this toolkit. Whether aiming for a vintage vibe, vibrant colors, or a trippy feel, Make It Cool has it all. Say goodbye to spending hours stacking and adjusting footage – add a look to the timeline, incorporate your footage, adjust settings, and let the magic unfold. Unleash your creativity and elevate your video editing skills with Make It Cool. Packed with a versatile array of elements, this package is a must-have for any video editor aiming to add that extra spark to their creations.

The responsive nature of the elements ensures they maintain quality and integrity, regardless of the chosen resolution. Whether you're editing for social media platforms, broadcast television, or any other medium, these presets uphold their visual impact and professionalism.

A standout feature is the procedural nature of almost all elements. This means they are fully adjustable, giving you the power to fine-tune the look and feel of your videos, allowing for endless possibilities.

The live preview feature empowers you to explore and choose the perfect look for your footage. Hover over each preset to instantly see how it alters the look and feel, enabling you to compare and choose without guesswork.
