Carma Studio is excited to offer the world FX Loops 5! This collection is ideal to use with Dubstep and Trap.

All loops are 140BPM, and can be extremely helpful in creating that poly-rhythmic sound that you want to create for beats!

Carma Studio is excited to release FX Loops 5. It's ideal to use with Dubstep or Trap.

The loops all have 140BPM and can be extremely helpful in creating that poly-rhythmic sound that you want to create for beats!

These top tracks will take your sound arsenal up to the next level using precisely timed glitches and amplified modulations that are completely extraordinary!
