Aescripts Counter Pro:

Counter Pro is a revolutionary tool designed for animators and designers working in After Effects, offering seamless and professional counter animations.

This versatile plugin supports both Bangla and English numbers, making it perfect for a wide range of projects. Users can create dynamic counters for numbers, percentages, or timecodes, while also customizing them with symbols like dollar signs, taka, and commas. Counter Pro ensures a smooth workflow with its update option, allowing for quick re-editing of signs or numbers. It's the ultimate solution for creating stylish and efficient counter animations.

Dual Language Support:

- Animate counters in both Bangla and English.
- Compatible with any Bangla font, free from ANSI limitations.

Dynamic Counters:

- Count numbers, percentages, or timecodes seamlessly.
- No limitations on the number range or count size.

Customization Options:

- Add symbols such as dollar signs, taka, commas, percentages, and more.
- Customize fonts and styles to match the composition's tone.

Ease of Use:

- Fast and simple integration and updating of counters.
- Update option for easy re-editing of numbers, signs, or other elements.

Key Highlights:

- Unlimited number counts supported.
- User-friendly interface for quick counter creation and updates.
- Compatible with all Bangla fonts and other standard After Effects typography options.

Counter Pro simplifies complex animations, making it a game-changer for professional projects.
