

Modern Broadcast Package (Videohive 20202053) - AE Project

2025-02-10 16:42:32 label 我要反馈 下载页面

Modern Broadcast Package - AE Project VH-20202053: Modern Broadcast Program can be used to broadcast events in fashion magazines, fashion TV show nightclubs, or any other special occasion you wish to enhance with a touch of gloss. Create your magazine demo reel, present your portfolio, corporate opener, and application promo. Create travel slideshows, company history videos, showcase an innovative brand, educational video, or tutorial; you can create any occasion! Make a video for YouTube, Vimeo, or other media hosting websites. Please use it to create a TV show, make your fantastic award package, and broadcast pack. Use my work for your fashion and add more gloss and glitz. You can post your video on Facebook, Instagram, Twitter, and other media to impress your friends.

Modern Broadcast Program is a top-quality, well-organized, and straightforward customization template. This template has a modular structure, so you can quickly alter the duration. The project includes a video tutorial; even if it's your first time running the After Effects program, completing the task is easy. Drop your video or image, alter the text, add audio, and enjoy the outcome!

Project includes:

- Introduction: 11 media placeholders, three placeholders for text duration 1:18
 - The Opener 13 placeholders for media with text, four placeholders for text, duration of 0:25
