Color Workshop-Color Theory, Palettes, Mixing: Do you find yourself stuck when it's time to decide the colors to use together in that next color page or home decoration idea or painting of an art-related project?

Do you ever wonder how a color wheel could assist you?

Have you ever wondered how to change a color to make it darker or lighter?

Then, in this Color Workshop Video Class, Anne Manera will answer these questions and many more! Everyone has the power to pick colors that work well together.

At some point, we were exposed to the color wheel or presented with a color palette, and we started questioning our ability to select colors. This course will acquaint you with primary and complementary colors mixing colors to create the color scheme of your choice, and teach the best way to use your intuition to select the right colors.

We'll review the basics of color palettes that are basic, before diving into SIX mini-tutorials designed to stimulate your imagination and improve your ability to pick colors.

Lessons include:

- Primary Colors
- Complementary Colors
- The Color Wheel
- Learning to Get Acquainted With Color
- Beginning with one color
- Mixing colors
