

News Clips Highlights (Videohive 52480424) - AE Project

2025-02-10 16:41:32 label 我要反馈 下载页面

The News Clips Highlights features a modern design for highlighting news clippings or newspapers, suitable for showcasing various subjects.

How to use templates to design news clippings or newspapers?

You can design your project using "News Clips Highlights" in After Effects.

It offers easy color customization with universal expression controls and includes transition sound effects. The project supports 4K UHD resolution at 29.97 fps and does not require any external plugins. It has a duration of 1:00 minutes and provides seven placements for news clippings, along with an editable news layout.

Package information

Updated and published on June 3, 2024, this After Effects CC project includes various files such as project, image, vector, and sound effect files, featuring 9 media placeholders and 20 text placeholders for versatile customization.
