**Archipelago Quest – Quest 25 Fable Presets:** Pages from old books, well-loved, filled with texture and warmth, and even a bit of wear and tear occasionally. The stories of childhood are familiar. At night, each chapter is as worn-in corduroys. Fable Presets will bring back memories of your most beloved stories that are brought to life in three distinct chapters, each telling a unique tale, but all of the same collection.

Fable Presets also come with 15 preset tools and an appendix with additional information that adds intensity and the tone of stories and folktales. The grain included mimics the feel of paper books and is subtle from a distance but tangible when you look at it.
