Vellichor Film & Wedding LUT pack Vol. I: Are you Searching for This filmic and analog Appearance to Your footage with one click? This package includes 9 Unique presets for Movie (luts) to attain different filmic and analog appearances, with no Rec 709 profile, such as Canon, Nikon, Sony's Cine4, or Panasonic profiles. Doesn't Include any Slog attribute, so it might require tweaking when using any apartment profile. If you are a Samsung NX1 user, the preferred configurations for this bunch are Gamma standard | Master Black amount 7 | Luminance 16-237 | Smart Range + ON | Saturation -4 | Contrast -4 | Sharpness - 10.

These perform with most editing applications, such as Adobe Premiere, Final Cut Pro, Sony Vegas, After effects, or some other applications That affirm luts.

- Greenleaf - Low contrast, low saturation appearance, Ideal for moody scenes (the movie was completely graded for this lut independently).
- Porto - Low contrast, faded tobacco seem, using a brownish tinted shadow.
- Lisbon - High Definition appearance, Ideal for cityscapes
- Blacklake - High contrast faded look, white and black
- Aspen - Soft, low contrast appearance, ideal for skin tones.
- Denver - High contrast appearance, Ideal for urban and city legends
- Landscape - High saturation, perfect for landscapes
- Lighthouse - High saturation, low contrast for a variety of applications
