Waterfall Pack (Videohive 21715331): The Ultimate **Waterfall package!** Comprising 5 unique job files with infinite possibilities. The water is 100 percent procedurally created in After Effects of Trapcode Particular. Giving extreme freedom to personalize job span, camera Perspective, and some other facet of the chemical systems. The jobs are well Ordered, clearly labeled, and thoroughly optimized. With user-friendly sliders For particle speed, rapid speed. Plus a useful find & goal controller For water spray that is standardized. You do not Have to Be a specialist with Trapcode Particular to find the outcomes that you desire! Each job Includes preset cameras to Get you started. However, You can also import or monitor a 3D camera transfer to the (particles comp) then use the (export comp) to blend the water to some Moving injection. As an additional bonus, we have also contained 9 pre-rendered water resources In the jobs as PNG Alpha MOV documents. So you can test them out instantly After downloading. In Case You Have any queries please tell us in the comments.
