PT Portrait Studio is a user-friendly and efficient photo editing tool designed for professional-quality portrait retouching.

It offers comprehensive features to remove imperfections, enhance facial features, and improve overall skin appearance while maintaining natural textures.

Includes:

- **Skin Imperfections Fix:** Remove blemishes, wrinkles, and oily highlights; refine pores for healthier-looking skin.
- **Eye Area Enhancement:** Brighten dark circles, and remove eye bags, and crow's feet for a refreshed look.
- **Skin Smoothing & Tone Improvement:** Smooth skin and enhance tone while preserving natural details for professional results.
- **Facial Features Enhancement:** Brighten eyes, enhance eyebrows, whiten teeth, and retouch lips with vivid color adjustments.
- **Face Reshaping:** Slim faces, enlarged eyes, refined noses, and perfect smiles with intuitive sliders.
- **Full-Body Skin Perfection:** Customize skin areas for flawless results beyond the face.

Workflow Integration:

PT Portrait supports Photoshop integration and functions as a standalone app. It includes features like custom presets, batch processing, 16-bit color adjustments, and color management to ensure high-quality, vibrant results tailored to any workflow.
