### FAQ

- DIGITAL PRODUCT Do I get the exact items as pictured?

This is a DIGITAL PRODUCT. You will be able to download the file(s) immediately after purchase. No physical product will be shipped.

- WHAT ABOUT LAYERS? Are your images layered?

KateMaxStock images can be used as styled photos (rather digital reproductions), and each styling prop does not need to be on its own layer. You will receive a JPG file after you purchase these listings.

- What are the SPECS? What are the dimensions and resolution of the images?

All listings include FULL-RESOLVEMENT images and 300 PPI (pixels/inch). Many are larger than 3500x2300 pixels, but many are larger. While square cropped images may have fewer pixels on one side, they retain full resolution. The images can be displayed online at 72 PPI and are at least 36 inches in width, if necessary, without losing resolution.

- What is LICENSING? What is the maximum number of times I can use the image? Do I have to credit KateMaxStock?

We love to see how you use KateMaxStock images. However, credit is not required.

The image may be used as many times as necessary. When you buy an image, you get commercial and personal rights. You may use the image online and in print unlimitedly. However, you may not sell or transfer them to anyone. Kate Maxwell Photography retains copyright. However, you don't need to credit Kate Maxwell Photography for any use of the images. To purchase an extended license, please contact us.

Compatible with Adobe Photoshop, Adobe Illustrator, and Adobe InDesign.

### What is the Modern Black Stock Photo Bundle?

A "Modern Black Stock Photo Bundle" is a curated collection of high-quality stock photos that primarily feature modern, contemporary, and stylish visuals with a predominantly black color scheme.
