### 4K YouTube to MP3:

With 4K YouTube to MP3, downloading audio content from different sources is quick and straightforward. The application is intuitive, and now users can download music, audiobooks, podcasts and more to their desktops or mobile devices. Users can save whole playlists and channels from YouTube, such as MP3, M4A, and OGG. The app enables mass downloading on numerous platforms, including SoundCloud, Facebook, Vimeo, and Twitch. Furthermore, 4K YouTube to MP3 now makes it possible to download tracks while ensuring the original quality is retained, with additional options to configure the quality and size of the file.

### "4K YouTube to MP3" sample:

- **Audio Downloading:** Download videos from YouTube using the provided links to convert them to audio files like MP3, M4A and OGG, or utilize the built-in browser to search for other content.
- **Playlist and Channel Download:** Using 4K YouTube to MP3, one can download all of YouTube's playlists and channels with one click.
- **Support for Multiple Websites:** Download audio from the most popular resources, such as YouTube, Soundcloud, and Facebook.
- **Original Quality Preservation:** Preserve audio without losing quality and set the desired quality to compress file sizes.
- **Youtube Premium Integration:** Youtube Premium users can download audio such as songs, playlists, and channels in higher quality (256kbps) than regular users.
- **Download Speed Control:** Users can set the downloading rate according to the speed of their internet connection. This enables users with low internet speeds to download files at increased speed without the risk of data loss.
