Christian Maté Grab Film Transition Overlays

2025-02-10 16:45:02 label 我要反馈 下载页面

Christian Maté Grab Film Transition Overlays: Introducing the ultimate Film Transition Overlays pack to elevate your filmmaking and video editing projects. With over 50 stunning transitions in 4K resolution, you can effortlessly add professional-looking transitions to your edits with a simple drag and drop.

What's included:

- 50+ Film Transitions in .mov format, all in glorious 4K resolution
- Video Tutorial guiding you through the seamless use of these transitions

Some transitions even come with accompanying sound effects, allowing you to enhance your edits further by combining visuals with immersive audio. Compatible with all major video editing programs, including Premiere Pro, Final Cut Pro X, DaVinci Resolve, After Effects, CapCut, VN Video Editor, Sony Vegas, and many more.

This pack is part of the MASTER BUNDLE, which includes over 350 assets catered to filmmakers and video editors, including transitions, overlays, sound effects, LUTs, Lightroom Presets, and more. Elevate your editing game today with the Film Transition Overlays pack and take your projects to new heights of professionalism and creativity.
