22 Awesome Cartoon Text Presets (Videohive 4939131)

2025-02-10 16:50:03   label 我要反馈   下载页面

22 Awesome Cartoon Text Presets: 22 Exquisite Cartoon Text Presets is a set of interesting typo cartoon effects for Results. Simply drag and drop the presets on a text layer to make trendy, animation animations. They operate on any sort of text coating -- 2D, 2.5D and 3D.

Whether It is a dip, stretch, skillet, wiggle, or a twist you require, every preset is simple To fix easy settings. A 'Completion' slider impact controls the In general animation. That leaves you free to think about the important things, Like telling your story with movement images!

- sensed tips.

- All presets operate in 2D, 2.5D, and 3D, and Are resolution and frame-rate independent.
- Presets operate in After Effects CS5 and above. Extruded 3D is only available with After Effects CS6 and high.
- Presets operate in most language versions of After Effects
- Extensive user manual substance.
- Audio isn't included.
- Preview employs a completely free typeface.
- In Addition to the presets, the Later Effects Job file for the trailer movie can be included in the download for a bonus file. Because It's a bonus document rather than designed as a completely customizable template, it does not have a user manual. But it's there for reference to Use as the beginning point for your presentation.

Prerequisites:

- For Ray-traced 3D, you'll need After Effects CS6 or over and a CUDA allowed graphics card (that is most Nvidia GPUs in the Last long time).
