The **Blender Market - Easy Hair** add-on for Blender simplifies the creation of hair with a single click, leveraging powerful tools like Draw Tool and Curve.

How to create hair for your project using Draw Tool in Blender?

You can use "Blender Market - Easy Hair" to design your project.

Users can find the add-on panel in the N-Panel and follow simple steps: add a curve, click "Create Hair," then use the drawing tool or edit the curve in edit mode. Although the add-on is based on Geometry Nodes, it enhances convenience and usability. The package includes the add-on zip file and requires Blender version 3.0 or higher.
