We strive at being the very best at our jobs because you deserve the very best. With the product, we aim to amaze you like never before.

For this set, we've made 125 bokeh for your enjoyment and they vary in size, design, and color.

This collection can help you to make your photos appear more attractive and is often used for night photos photographs, street photography, or baby photos. It is also suitable for wedding photos with dark hues or is high in contrast.

The collection was created by the 6D camera that is currently in use equipped with 24-105mm, 50mm, and 85mm lenses. It also comes in JPG format. Let's look at it this as a way to describe our final objective in creating is to make your appearance different, as we stated in the beginning.
