### Cymatics Prism - Launch Edition (Wav, Midi):

PRISM Highly Expressive Sounds Inspired by 7 Moods The Color Spectrum

7 Brand New Melody Collections Included:

1000 Licenses Available For PRISM Launch Edition

#### AZURE: Premium Melody Collection

- Triumphant Brass Melodies Inspired by Deep Shades of Blue.
- The collection contains songs that have a mighty kind of vibe. It's the perspective of blue. Blue.
- It includes a range of Brass-focused melodies with an abundance of energy. They work perfectly with hard-hitting drummers and 808s.
- A few of the most popular artists we were inspired by in this collection comprise Gunna, Baby Keem, Wheezy, Drake, and many more.

#### EMERALD: Premium Melody Collection

- Emotionally Driven Melodies Inspired by Organic Shades of Green.
- Emerald is about human instinctual emotion, which is reflected in green. Green.
- These songs are organic and cinematic and can be used in many different styles, including Pop, Trap, Lofi, and many more.
- Our team listened to any of the best "Green" sounding music out on the market and created an original sonic image through each sound.

#### CRIMSON: Premium Melody Collection

- Aggressive Melodies Inspired by Sinister Shades of Red.
- For CRIMSON We wanted to convey the essence of the rage we experienced through the hue Red.
- These songs are heavily centered on the energetic sound of today's best Trap music, paired with a heavy 808 and Drums.
- In terms of inspiration, we turned to some of the most famous artists of this style like 21 Savage, Nardo Wick, Lil Baby, and many more.

#### OBSIDIAN: Premium Melody Collection

- Menacing Dark Melodies Inspired by Ominous Shades of Black.
- OBSIDIAN offers the dark, brooding sounds of hard-hitting Trap and Drill, with sounds that evoke the color, Black.
- These songs capture the nuances of traditional instruments and are a great match with pounding drums and bass.
- We took inspiration from some of our most loved artists to create this collection. like Gunna Young Thug, and Lil Durk, to name just a few.

#### GOLD: Premium Melody Collection

- Vintage Style Melodies Inspired By Soulful Shades of Yellow.
- Gold is the GOLD Pack, a tribute to the old-fashioned style of processing and the rich warm music of the golden era of Hip-Hop.
- The songs turn the concentration on live instruments as well as the overall feeling you get from searching through vinyl crates.

SOUND EFFECTS

- A few of the artists who helped shape the sound of this collection comprise Kanye West, J Cole, Kendrick Lamar, and Childish Gambino, to name a few.

**INDIGO: Premium Melody Collection**

- Futuristic Synth Melodies Inspired by Experimental Shades of Purple.
- This collection is focused entirely on contemporary-sounding melodies that are created with high-quality synthesized instruments.
- Each one of the samples we included was designed using an experimentation approach and amplification of the electronic influence our creators derived in the form of Purple.
- There were several famous artists who inspired this kind of sound, including Yeat, Ken Carson, Summers, Lil Uzi Vert, and many more.

**AMBER: Premium Melody Collection**

- Warm Nostalgia-Driven Melodies Inspired by Melancholic Shades of Orange.
- From nostalgic vocals to the lush guitars that evoke summer vibes, AMBER is focused on the warmth that comes from the color Orange.
- The melodies were created by our team to create emotions-driven melodic compositions which paint an impressive picture across.
- These songs shine the brightest when viewed in the context of music by popular artists such as Tems, Dominick Fike, The Kid Laroi, and Post Malone, to mention some.

**EXCLUSIVE BONUS #2**

- Inspiring MIDI Compositions That Paint A Vivid Imagery of Color
- Our top loopers designed these MIDI using each color of the PRISM catalog in consideration.
- These are great for creating memorable melodies right from scratch, with highly expressive arrangements for many different styles.
- They are great to go with one of the songs of CHROMA or VSTs to immediately spark concepts for creating your own songs.

**EXCLUSIVE BONUS #3**

- Bounce-Focused Percussion Textures To Bring Your Drums To Life.
- PALETTE is focused on distinctive rhythmic sounds that can be used for making your drums pop.
- The percussion loops are suitable for any kind of music style or genre you'd like to create They are incredibly versatile.
- You can chop them into pieces, use them just as-is or resample them in order to make textures that will add lots of bounce and personality to your mix.

**EXCLUSIVE BONUS #4**

- Unique Melodic One Shots Inspired by Each Mood in The Color Spectrum.
- These single images were made by some of the best sound designers from our team, influenced by the colors of the PRISM.
- You can effortlessly drag them into your MIDI and create extremely powerful melodies starting from scratch.
- We looked at all things bells, leads Plucks, Pads Instruments, and Synths that convey the distinct feel of each hue.
