allows developers to create secure file transfer applications using SSH easily. This library ensures data security through strong encryption and advanced cryptographic techniques. It supports a wide range of authentication mechanisms, key formats, and encryption algorithms, making it versatile and reliable for any secure file transfer needs.

Designed with a user-friendly and uniform interface, **nSoftware IPWorks SFTP** is easy to integrate across different platforms and technologies. Its components are native and require no external libraries, offering blazing-fast performance through an optimized asynchronous socket architecture. With full support for SSH2, it provides robust authentication, enhanced privacy, increased security, and optional data compression for faster transfers.

nSoftware IPWorks SFTP includes comprehensive features to enhance development and ensure secure, efficient file transfers. The components are thread-safe and rigorously tested, and they come with detailed documentation, sample applications, and extensive online resources. This ensures developers can quickly and confidently implement SFTP into their applications.

This bundle includes the following elements:

- IPWorks SFTP 2020 .NET Edition
- IPWorks SFTP 2020 ActiveX-ASP-COM Edition
- IPWorks SFTP 2020 Android Edition

- IPWorks SFTP 2020 C++ Builder Edition
- IPWorks SFTP 2020 C++ Edition
- IPWorks SFTP 2020 Delphi Edition
- IPWorks SFTP 2020 Java Edition
- IPWorks SFTP 2020 Node.js Edition
- IPWorks SFTP 2020 PHP Edition
- IPWorks SFTP 2020 Python Edition
- IPWorks SFTP 2020 Qt Edition

Key Features of **nSoftware IPWorks SFTP** :

1. Supports SSH version 2.0
2. Strong encryption algorithms: AES GCM, ChaCha20-Poly1305, and more
3. Message integrity and secure key exchange
4. Supports major key formats, including PPK
5. Multi-factor, password, and key-based authentication
6. Compatible with SFTP versions 3, 4, 5, and 6
7. Simultaneous file uploads
8. Thread-safe components
9. Native development components for all platforms
10. Extensively tested for reliability
11. Comprehensive documentation and support resources
