All in One Logo Creation Kit CreativeMarket-2367978: The All in One Logo Creation Kit makes it easy to create a logo for any type of business in just minutes. This logo creation kit can be used for small businesses like a bakery or restaurant, or even big brands. You will need a graphic program such as Adobe Illustrator (Mac or PC) to work with it. You can create stunning logos using over 1200 elements and 70 free fonts. Edit one of the 300 included logo templates to save time. All logo elements are available as editable vector graphics in clear, ai, and PSD formats. You can view your finished logo in a realistic setting and then present it to your client, friends, or family members with one of the photo-realistic mockups. We tried to make the bundle as complete and useful as possible. We will continue to work on it and provide updates free of charge in the future.
