Does this product work on Windowns and Mac Os? We mostly include the operating system in the title. if it is not written, it will work on Windows, and you can for the Mac version.

- Start, End, and offset controls
- Butt, Square, and Round cap fashions
- Total dashboard, gap, and offset options
- Stagger per route and order-modifier controls
- Clone and cancel Duplicates with strong transform controls
- Compatible with most Text animator properties
- 8, 16 & 32bpc Harmonious
- Complete motion-blur Controls including samples, angle, and stage

Limitations:

- In the AE models below CC2018, text layers together with parented changes might not act as expected (determined by the parented transform). This is a technical limitation that's been solved in CC2018 and newer.
- 3D Text has to be precomposed before being counter in Z

New Changes:

- Threading bug if random offsets were enabled
- Update license framework
- Add support for MFR (Multi-frame rendering) in AE 2022
- Bug fix
