Freddie Intro - Music Album Promo VH-50021691: Introducing a professional template designed to craft dynamic music album presentations or promote new soundtracks. This versatile template is perfect for creating captivating Music TV show promotions, unique music blog intros, or announcements with multi-screen effects. It's an ideal choice for TV advertisements featuring musical events, daily broadcast programs, or radio transmissions.

Whether you're promoting a podcast, which is a series of digital audio files for easy listening, or managing personal consumption queues across various sources and devices, this template offers a sleek and integrated solution.

This template provides a polished and professional platform for showcasing music content, making it perfect for various applications such as music album presentations, TV show promotions, and podcast announcements. The user-friendly features and compatibility with After Effects make it a valuable tool for creative projects in the music industry.

- Adobe After Effects CC 2017 or higher software is required.
- Full HD resolution (1920×1080) for high-quality visuals.
- The total duration is 1:17 minutes, with 25 media placeholders and 11 editable texts.
- Universal expression support for compatibility with any language software.
- 100% After Effects with no additional plugins required.
- Fonts used are not included, but links can be found in the PDF file.
