Dynamic Android App Promo (Videohive 37440664) - PR Project
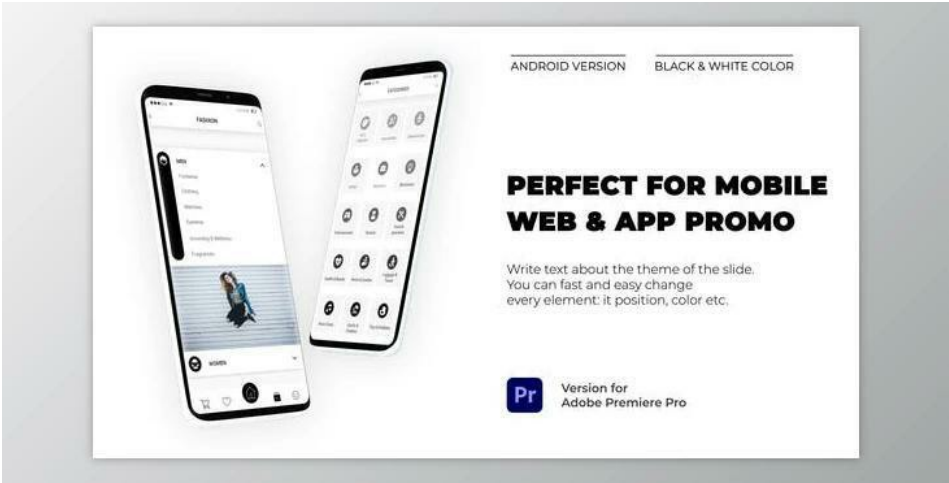

2025-02-10 16:48:17　　label 我要反馈　　下载页面

Dynamic Android App Promo - PR Project VH-37440664: The Premiere Pro template has 12 mockups and a modular structure, which means you can change the duration easily. It is ideal for presentations and promotional of mobile-friendly websites or any other app on Android. Choose a white or black phone color.

Typography's dynamic animation can give the video a rhythm and will keep your viewers' attention. Simply place the footage into placeholders, modify text and change colors the way you'd prefer. A user-friendly interface lets you make the video quickly.
