In this class you'll be taught:

- How can you reduce the nose down to simple geometric shapes
- How do you draw the nose at various perspectives and in a range of forms
- How can you anatomically connect the nose with the rest of the head?
- How do you make the nose appear more attractive in various styles

Practical Class Project

To complete your project you will make a snoop. This is exciting, don't you think? It's the moment to be creative! Explore the possibilities of shape, style as well as placement, and perspective! For the best results, start connecting that nose to the face. The noses are drawn to faces.
