Vinyl — Audio visualizer template for After Effects (Videohive 31538337) - AE Project

2025-02-10 16:48:32　　label 我要反馈　　下载页面

Vinyl — Audio visualizer template for AE VH-31538337: With this music visualizer template, crafting a captivating video for your song or beat is a breeze! Swap out images, tweak text layers, import your audio file, and you're good to go. Please sit back, relax, and enjoy a cup of tea while the rendering takes care of itself. Once done, share your masterpiece on any platform you desire, from YouTube to Vimeo, Instagram to TikTok, thanks to support for horizontal, vertical, and square formats.

Are you worried about navigating After Effects visualizer templates? Fear not! Whether you're a novice or just getting acquainted with the software, I've got you covered. The template includes a straightforward, step-by-step video tutorial that'll have you creating polished videos in just 5 minutes, no prior experience required.

What's included in the package? You'll receive three projects for Adobe After Effects (in 16:9, 1:1, and 9:16 formats), along with the handy video tutorial to guide you through the process. And as a bonus, you'll have my everlasting support. While pictures aren't bundled, fret not; you can easily find many high-quality, free-to-use professional photos on platforms like Unsplash and Pexels.
