An assortment of 18 presets, which include **10** spring-inspired styles in one go! Dark, light warm, chocolate this is a great opportunity to experiment with different styles on your photos simultaneously and determine which one suits your preferences.

The process of creating presets is simple The presets are applied automatically. It includes the 18 presets (from 1 to 3 styles of presets). It also comes with:

- Video tutorial for 30 minutes on processing. It includes explaining all buttons within the application along with instructions in the process of customizing presets
- A video tutorial for processing photos from the night and removing yellowness
- The easiest and most detailed instructions. There are no problems for novices!

These presets are perfect for you if:

- You're not sure how to process it, but you'd like stunning images
- Don't want to spend process time, money, and on classes. This is a professional, finished product!
- Bloggers and you need to get your message out quickly and efficiently You can accomplish it in the same way and by using a range of spring flowers

Presets work with Adobe Lightroom CC mobile app (iOS and Android) as well as Lightroom on the desktop (all versions). You can also apply them on your desktop computer using Photoshop Camera RAW.
