

Gorgeous Pastels for Procreate CreativeMarket - 6663154

2025-02-10 17:07:58 [label](#) [我要反馈](#) [下载页面](#)

With this fresh brush collection from Procreate, you can create stunning images that have a playful spirit that you have seen in your drawings from elementary school.

From soft pastels that are thin as well as chunky oily smudges there are over 30 pastel brushes to enrich your brush collection with powerful tools that create an artistic look.

For a more intriguing appearance, you can layer different types of strokes repeatedly. Each brush comes with a variety of designs that can be changed by changing the size of the brush.

With just one brush you can start by sketching quickly, progress with bold line art, and then finish the drawing with broad and textured shading. It's not necessary to press hard to draw - using gentle strokes and the pressure sensitized Apple Pencil (or your preferred stylus) It's possible to create a beautiful array of vivid pastel textures that you can instantly.

Minimum Technical Requirements:

- Ipad that comes with Apple Pencil (or another stylus)
- Procreate 5 and later version
- These brushes are not suitable intended for Adobe Fresco or Photoshop
