Most important instruction:

- (1) The first step is to open an image within Photoshop. You must now resize the image. To resize your image, select the crop tools in the menu at the top. There you will see W x H Reso three boxes. Write W 3000px, H 2000px, Resolution 72. The space around your image for the maximum results. Select the Background image you want to use and use the cropping tool on the toolbar, then expand it to the entire sides. After that, press Enter button.
- (2) Open your picture. Make a brand new layer, then change its name to "paint" (in lowercase). Choose a brush to paint your photo. Make sure to close the "paint" layer eye, continue to select the "paint" layer, and then click the play button.
