A COLLABORATION WITH BLAKE HOGGE PHOTOGRAPHY

Harkening again to early suggestion in his work, Blake Hogge went in search of a visible nuance that leaves you pining for the details. The type of imagery that comes at you with wonderful subtlety and proper dedication to its subject. What we ended up with is a pack supplying real to shade tonality and mild swaths of heat for a full spectrum of feelings. Skin tones continue to be creamy with tender contact and calm highlights that preserve the topic's middle frame. If you discover your self inexplicably attracted to this pack, you're now not alone. The magic of the Blake Hogge presets is truly greater of a trip than an explanation.

Blake Hogge Presets consists of 9 shade presets and 1 BW presets.

Before and after photos under display how every preset manipulates a picture with equal white stability and exposure.

- These presets are created for RAW photos solely and work with Lightroom 4, 5, 6, CC 2015, Lightroom Classic CC, Lightroom CC, and Adobe Camera Raw CS6 or later.
- These are Desktop Presets(not Mobile Presets).
- All Sales Are Final – No Returns*

BH1

BH1 is anchored in Blakes signature style. Dragging you in with creamy pores and skin tones, heat highlights, and cool shadows whilst nevertheless preserving ambient color. This one receives the kiss of the chef.

BH2

BH2 is all about retaining goodness in complicated light. Superb on each backlit photographs and blue-hour shots, it makes mild changes to blues that create a cutting-edge 80's movie vibe.

BH3

A harsh mild maestro, BH3 pulls highlights down except sacrificing creamy pores and skin tones. It's difficult to no longer get stunning outcomes with this preset.

BH4

Blakes signature preset for dream mild on a cloudy day, BH4 preserves pores and skin tones and shade whilst providing a delicate warmness and breeze of coolness.

BH5

BH5 is a bit of a wildcard in the pack. It desaturates yellows for an honestly special vibe in your photographs and is honestly perfect for golden-hour sunsets. So get prepared to be amazed and delighted.

BH6

The warmest preset of the pack, BH6 will be your magic wand for preserving pores and skin tones balanced in darker/cooler lighting fixtures scenarios.

BH7

The most desaturated preset of the pack, BH7 has a poppy cinematic area it really is each distinctly versatile and downright

fun.

BH8

BH8 continues smooth highlights for a crisp moodiness that punches up highlights for a little drama and appears simply dreamy in golden-hour shots.

BH9

A moderate twist on BH2, BH9 is awesome for the usage of backlit pix when you prefer to keep highlights. Whites will soar a stage in brilliance whilst getting a sprint of contrast.

BH10 BW

This is the signature Blake Hogge Black and White Preset. It's contrasty for pop except for overwhelming subjects. And with reduced blacks and an itch of grain, it almost continually surprises on pics that you did not suppose would appear super in Black and White.
