2025-02-10 17:14:29 label 我要反馈 下载页面

"Rainy Lullaby" is a collection of 10 photoshop actions that simulate rainy weather. Your photos can be enhanced with a rainy romance, dark fairy tale, or autumn mood.

- · High-quality effects
- It is non-destructive. The original layer of photos won't be altered.
- · It's easy to edit.
- Click "Run all" to run all actions. This allows you to compare the effects of each one without having them all run at once.

## Included

- 5 Activities for Rainy Weather
- 5 Rain Actions
- Instructions for installing and using actions

## COMPATIBLE

Photoshop CS3 and higher, Photoshop CC English Version

## **NOTES**

- These actions only require basic Photoshop knowledge.
- The effects of the actions work differently depending upon the characteristics of the original photo (lightness, contrast, white balance, etc.). These are the results.
- Digital products cannot be exchanged or returned. Make sure you're purchasing the right version.
