Blender Market - Mix Damage:

The Mix Damage add-on introduces advanced destruction capabilities for creating realistic and stylized damage effects. It offers 576 procedural destruction combinations, blending different qualities and types of damage.

includes:

- **Mix Damage:** Combine up to 24 procedural damage effects for layered destruction.
- **Internal Damage:** Add circular or cracked internal damage with realistic noise, gravel, and steel debris.
- **Geometry Options:** Procedural brick, stone, and steel materials are customizable for unique effects.
- **Stylization Tools:** Create objects like tombstones with stylized wood and metal effects.
- **Easy Settings:** Adjust scale, depth, and mesh quality of destruction.
- **Scale Unit:** Customize measurement scales for precision.

The add-on also includes proprietary materials and settings for creating heavy object damage and intricate procedural effects.
