Valencia Photoshop Actions includes one mind Blowing off Photoshop action. The Photoshop activity relies on utilizing texts to turn Your pictures into a gorgeous piece of artwork because you can see in the screenshots above. The actions make entirely layered, customizable, and named Photoshop Files so you may tweak the outcomes following the activity ends functioning.

Contains:

- A Photoshop Actions file containing this activity.
- A Pattern file comprising patterns utilized in the activities.
- A Font file containing the list of fonts used in the activity.
- A README file containing all you ought to know.
