For a long time, Lens Distortions has been the most reliable source for cinematic sound effects for today's filmmakers. Our innovative SFX products offer world-class components that you can utilize to create impressive audio sequences for your films.

As all filmmakers know making powerful audio tracks from scratch can be a tedious task and it's not always possible to find enough time to complete it right.

Through Sound Design Tracks, the difficult work is taken care of for you. Receive a pre-built, professional sound design with the ease of one audio file.
