ON1 Effects 2024.5 v18.5.1.15726 (Win):

ON1 Effects is a photo editing software plugin that allows users to instantly style photos with ease.

It offers hundreds of presets and over 30 flexible filters that can be combined, masked, and customized to create unique looks.

The interface is designed to be cleaner and more user-friendly, offering a streamlined experience while maintaining access to all features.

The AI Style Advisor recommends filter stacks based on the photo and user preferences, improving suggestions with more usage.

The updated Color Balance Filter features a color-wheel control for visual color adjustments.

The Layers Pane has been redesigned to be more familiar to Adobe users, allowing adjustable heights and smoother layer switching.

Additionally, users can paste photos and pixels from other applications as new layers into ON1 Effects.
