### Unity asset - Human Character – Fantasy RPG v4.2:

The Human Fantasy Pack PBR offers an extensive array of assets for creating immersive fantasy characters and environments.

- **Male and Female Base Models:** Complete with three interchangeable heads and three unique hairstyles each, providing versatility in character creation.
- **Modular Wardrobe:** Mix and match clothing pieces seamlessly, allowing for diverse character customization.
- **Render Pipeline Compatibility:** Fully compatible with Unity's Built-in Render Pipeline, with easy upgrade options to the Universal Render Pipeline (URP) and High Definition Render Pipeline (HDRP) for enhanced graphics capabilities.
- **Additional Compatibility Information:** While delivered with support for the built-in pipeline, most shaders in the package are "Standard" and can be effortlessly upgraded to URP and HDRP. Hair shaders are available for both URP and HDRP versions, and the package includes the latest HDRP hair shader from Unity for optimal performance.
- **Description:** The package includes highly detailed 3D models of male and female base bodies, complemented by various heads and hairstyles. A robust "Barbarian" wardrobe set is included, along with five pre-designed texture sets for immediate use in your game. Body textures are provided in 4k resolution, with Substance Painter source files included for advanced customization.
- **Animations:** A vast collection of animations breathe life into your characters, with meticulous attention to detail in clothing and hair movement. Additionally, six magical spell particle effects are included to enhance the fantasy atmosphere.
- **Integration:** Seamlessly integrates with other packs, such as the Weapons & Armor Pack #1, enabling compatibility with bow and crossbow animations.

With the Human Fantasy Pack PBR, you have everything you need to create captivating fantasy worlds, from intricate character designs to dynamic animations and spell effects.
