Stranger Light Leaks Vamify: 50 Cinematic Light Leaks for You. Get your filmmaking skills up and impress your viewers.

As you can see from the name and artwork, the pack has been inspired by The Netflix program "Stranger Things." To create its unique style, it was created using the RED Scarlet and recorded with different filter systems and filters in 5K. We experimented with light reflection looks to determine the most appealing and exciting. This pack contains the top 150 light leaks with this pack, like The rainbow-colored light streak, which is great for music videos or blue light streaks, as well as the speedy streaks. The previews are available on our website. Take your time and choose which one you want to make more attractive using light streaks. Take an eye and be inspired to create your project."

What is Stranger Light Leaks

"Stranger Light Leaks" by Vamify is a product or resource designed for video editors and filmmakers. "Light leaks" refer to intentional or accidental exposure of light onto the camera's film or sensor, creating artifacts that can add a vintage or ethereal look to video footage. Light leaks have become a popular stylistic element in video editing, particularly for achieving retro or dreamy visual effects.

Vamify, a company specializing in video editing assets and resources, offers the "Stranger Light Leaks" product, which likely includes a collection of pre-made light leak effects that editors can add to their video projects. These light leaks are typically in the form of video clips or overlays that can be applied to footage to create unique visual effects.
