Tropic Colour - RED KOMODO CONVERSION LUTS:

The RED KOMODO Conversion LUTs are a set of five LUTs designed specifically for the Red KOMODO 6K Cinema Camera, offering natural and simple conversions for LOG or FLAT footage. These LUTs are robustly tested and optimized to provide a "709 Inspired" look, ideal as the first step in the color grading process. They are built to deliver smooth, natural conversions without heavy-handed adjustments, ensuring a balanced and cinematic look that mimics the Rec 709 color space.
