VIDEOHIVE　　Project

Vintage Logo Badges Package (Videohive 9789045): Use this template in Case You Have to show a Solid brand with its own history in a Decorative Fashion.

Pick from 15 gold and 15 chromium badges in After Effects to personalize.

Combine the sexy trend of glistening metals in layout and include more shine to your movie. Shimmering gold and shiny chromium provide your articles with a sense of success, prosperity, and luxury. Fantastic for top brands keen to seem exclusive and expensive.

The eye-catching gold adds the templates that a sense of fullness, warmth, and prosperity. Gold is also the color of success, accomplishment, and nobility -- a fantastic selection for luxury solutions.

Chromium is a steely-grey, glistening, the key additive stainless steel. Chromium plating, such as on automobiles, creates a sleek, silver finish that's very resistant to rust. It is more than only somewhat glamorous, this trendy color appears refreshing and contemporary.
