CrispyLayers // 1500+ Video Presets & Assets V2 - VH-23180240: CrispyLayers This collection includes presets that can be used to add style to your footage. This preset can be used to create any type of slideshow, opener, or social media story. You will find all the tools you need to express yourself: 11 ready-to-use templates, 200+ transitions for building your video, and a large library of graphics assets such as color correction preset and light overlays, particles, and glitches preset.

- Adobe After Effects has over 1500 video presets and other assets
- After Effects CC 20142 and higher
- Premiere Pro CC support via Dynamic Link
- Any resolution supported
- Just a few clicks and you can add style to your website
- No third-party plug-ins are required
- Each theme has its own *.aep file to speed up loading and streamline the workflow
- The controllers allow for easy customization
- The font list includes the links
- All languages compatible
- Videos are available as an option
- The preview photos are not included. They come from Unsplash.com

What's in your heart?

- Adobe After Effects offers 600+ video styles that you can add in just a few clicks
- More than 900 elements, including overlays, transitions, and colors, as well as shapes, backgrounds, and other forms.
- Video tutorials and documentation
- View the preview library
