**LED Screen Mockup - 280949388:**

The LED Screen Mockup is designed for showcasing projects with versatility, realism, and high-quality textures.

It uses Smart Object layers for easy customization—simply replace the default placeholder with your own graphics.

This mockup provides a polished and professional presentation in just a few clicks.

The package includes a high-resolution PSD file at 4500x3000 px and 300 dpi for optimal display quality.
