Magical turn of the page

creating a romantic ambiance, a touch of glitter, and a blast of magic - This creates our surreal overlays. The 25-unit Confetti PNG overlays are made of glitters from unicorns and pink gold and an ethereal rainbow! They'll bring a beautiful mood to your images! It's as easy as Drag and drop any PNG image to create a stunning, unique composition. Get our chic linings to transform into a magician, creating illusions in your photos! Confetti can perfectly create an authentic falling effect. Choose the desired image to resize and then take advantage! All you require to get a quick and professional effect is to buy one of our professional overlays and then use it. It's everywhere!

Compatible with all software that lets you use layers (Photoshop, Photoshop Elements, Paint Shop Pro, PicMonkey's Photo Editor, and more.)
Note to Lightroom users - please ensure that you are using the right plugin to work using layers.

What is Confetti Overlay & Photoshop Overlay?

A "Confetti Overlay" in Photoshop refers to a graphic element that can be added to a photograph or design to create the appearance of confetti falling or scattered in the image. Photographers, graphic designers, and digital artists often use overlays to enhance and customize their images for various occasions and themes, such as celebrations, parties, weddings, and festive events.

Confetti overlays can add a festive and celebratory atmosphere to your photos, making them suitable for various occasions and projects. They are particularly popular for creating invitations, greeting cards, social media posts, and event posters. You can find a variety of confetti overlay resources online or create custom confetti overlays to match your specific design needs.
