Other　　平面设计

- Remake the existing material error to be corrected
- The UI text is not visible under the N panel. Now the text automatically shifts over
- Uses scale and rotation on OOB prior to the creation of QT to solve numerous issues
- Max Opacity has been lowered to 1
- The blending setting in the box changed to Triplanar Blending to provide clarity
- Check the proper ratio of texture on objects Texture baking!
- One Click method to make all of your maps
- The auto-reloading process loads your material with the latest baked textures
