You can create this stunning effect by using your images in just two clicks. This feature was made to help you save the effort and time required to create each photo.

My Work Software Version: CS5 or newer English Version. The only thing that is restricted is that you must install the program only available in English. At present, other languages don't work.

If you're using a different language in the Photoshop software There's a simple way to switch to English. Check out the video tutorial for the English version that is available in Photoshop language to know how to do it.

A Few Recommendations

For the most optimal results of this Photoshop Action for the best result, only use high-resolution images. The ideal resolution is 3000px by 300 DPI 3500px. This is the most efficient.

The Layers Organization

The main advantage that comes with Photoshop Action is that it helps to keep your layers organized. This allows you to build your image rapidly and further customize it. Every Photoshop Action has its own layers of the organization.
