Lara Jade – Lightroom Presets – Vintage Tones Set:

The "Lightroom Presets - Vintage Tones Set" is a collection designed for bridal fashion magazines and campaigns, offering 15 unique fashion-inspired color presets.

These presets feature desaturated tone combinations, complimentary tone curves, and lifted shadows with a focus on warm tones, alongside some cooler options.

Suitable for fashion, wedding, and portrait photography, they provide a vintage fashion look.

The set includes an installation and usage guide, a PDF preset guide, and is compatible with both MAC and PC, Lightroom CC and Classic, and Adobe Camera RAW.

Fully customizable and editable, these presets work best on RAW images and well-exposed photos.
