Imagine a summer kitchen that is sunlit with a view of the meadow out of the kitchen's main windows. The colors of nature are all bright and cartoonish, it's difficult to believe that they're real. Take this image in your mind and be ready to experience it in front of your eyes Apply a paint effect to any image, and a similar or more composition will be created. The great thing is that you can go to this eternally bright world at any time!
